REQUEST FOR UNANIMOUS CONSENT

Senator Abshire asked for, and was granted, unanimous consent to have the following opinion of the Legislative Counsel regarding Senate Bill No. 2229, printed in the Journal.

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA

OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO, CALIFORNIA, May 19, 1957

Hon. F. Presley Abshire
Senate Chamber

Labor—No. 14071

DEAR SENATOR ABSHIRE: You have asked us for an analysis of Senate Bill No. 2229, discussing existing state policy in the matter, whether the bill changes this state policy, and the effect the bill would have on an employer if enacted.

Senate Bill No. 2229 would add Section 924 to the Labor Code to provide that it is unlawful for any employer to enter into any agreement which will deny to a majority of the employees employed by him at the time the agreement is being negotiated or is executed, the right to choose their own bargaining agent.

Section 921 of the Labor Code, in effect, provides that a promise between an employer or prospective employer and an employee or prospective employee to join or to remain a member of a labor organization, not to join or not to remain a member of a labor organization, or

to withdraw from an employment relation in the event that he joins or remains a member of a labor organization, is contrary to public policy.

It will be noted that this section does not, by its terms, deal with agreements between an employer and a labor organization.

Section 923 of the Labor Code provides that the negotiation of terms and conditions of labor should result from voluntary agreement between employers and employees. The section states that it is necessary that the individual workman have full freedom of association, self-organization, and designation of representatives of his own choosing, to negotiate the terms and conditions of his employment, and that he shall be free from interference, restraint, or coercion of employers in the designation of such representatives or in self-organization or in other concerted activities for the purpose of collective bargaining or other mutual aid or protection.

The California Supreme Court has held that these sections do not prohibit union shop agreements or closed shop agreements between an employer and a labor organization, and that, under *state* laws, both types of agreements are valid objectives of organized labor (*Shafer v. Registered Pharmacists Union* (1940), 16 Cal. 2d 379). It has been held that a closed shop agreement between an employer and a labor organization is a proper objective of concerted labor activities even when undertaken by a union that represents none of the employees of the employer against whom the activities are directed (*Park & Tilford Import Corp. v. International Brotherhood of Teamsters* (1947), 27 Cal. 2d 599).

Therefore, the *state* law or policy as declared by the courts would not appear to prevent an employer from entering into an agreement with a bona fide labor union, as distinguished from a company union, which makes that union the bargaining agent of the employees even though at the time the agreement is being negotiated or executed, the union does not represent a majority of the employees.

The effect of the bill would be to make any such agreement entered into by the employer which has this effect unlawful.

However, since the bill does not constitute such an act a misdemeanor or a felony or impose any specific punishment for the prohibited act, the acts prohibited by the bill would not constitute a crime (*People v. McNulty* (1892), 93 Cal. 427, 439).

The principal effect on the employer of the bill if enacted would appear to be to enable him to obtain injunctive relief against a strike called for the purpose of compelling him to enter into an agreement in violation of the provisions of the bill, since "illegality of purpose provides a complete basis for injunctive relief against conduct which would otherwise be deemed a permissible exercise of fundamental rights" (*City of Los Angeles v. Los Angeles Building and Construction Trades Council* (1949), 94 Cal. App. 2d 36, 42).

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By OWEN K. KUNS, Deputy

RESOLUTIONS

By Senator Burns:

Senate Resolution No. 132

Relative to creating the Senate Fact-Finding Committee on
Un-American Activities

WHEREAS, These are yet times of public danger, and subversive persons and groups are endangering our domestic unity so as to leave us unprepared to resist attack from without or within, and under color of the protection afforded by the Bill of Rights these persons and groups seek to destroy our freedom by force, violence, threats, undermining and sabotage, and to subject us to the domination of foreign powers and ideologies; and

WHEREAS, There is danger that the ordeal through which the Country suffered may be in vain; and

WHEREAS, Persons and groups, motivated by hatred of American ideals, our republican form of government and democratic processes, are now seeking to tear down by subversion what we have so valiantly fought to preserve and sustain; and

WHEREAS, California, as one of the laboratories of this great Nation, may profitably study the problem within its boundaries, and enact pertinent legislation therein, if facts are available therefor; and

WHEREAS, State legislation to meet the problem and to assist law enforcement officers can best be based on a thorough and impartial investigation by a competent and active legislative committee; now, therefore, be it

The following prayer was offered by the Chaplain, Rev. Father Luke Powleson:

O Lord God, make us this day obedient to Thy will—to do that which is just and honorable. Grant us, as we labor, the vision to see that only justice can endure and that only in being just to others can we make our lives acceptable to Thee. We pray Thee, O Almighty God, to instill into our hearts a sincere desire to support all those efforts by which we seriously and honestly seek to make this State of ours a secure home for all our fellow citizens. May we by our deeds and actions overcome those forces that menace our people's security and may we toil daily to develop standards throughout our State that befit human dignity, morality and freedom. Teach us, Lord, to adjust ourselves to the pressing needs of our State and fellow man with a maximum of effectiveness and happiness. May the many complexities of life never lead us to confusion and loss of faith in Thee. Grant us the ability to maintain at all times and every circumstance of our work an even temper, an alert intelligence, a considerate behavior and a pleasant disposition in all the details that face us throughout the day. AMEN.

UNIVERSITY OF CALIFORNIA
OFFICE OF AGRICULTURAL PUBLICATIONS
BERKELEY, CALIFORNIA, May 20, 1957

Mr. J. A. Beek, Secretary—Senate
State Capitol, Sacramento, California

DEAR MR. BEEK: Vice President Corley and Vice President Wellman have suggested that you will be interested in having the enclosed informational release that bears on the subject of water resources.

If you have any questions or desire additional copies of the release, please call on us.

Sincerely,

WILLIAM F. CALKINS

DAVIS—Ways to make new water from old are under study by University of California researchers, prompted by a growing scarcity of new fresh-water supplies in California.

Engineers and irrigation specialists at the University's Berkeley and Davis campuses, investigating the reclamation of sewage effluents, aim to develop urban waste waters for use on croplands.

As purification techniques are improved, reclaimed water may also find use by industries, and might even be suitable for return to domestic water supplies in some areas, the specialists say.

"Advantages of using reclaimed sewage effluents vary with the degree of treatment of the raw sewage, its quantity and mineral quality, the crops grown, their water requirements, and the soil conditions," said a recent report by H. A. Schreiber, formerly of the Davis irrigation staff.

"Thus far, the commonest uses for this type of water are in irrigated pasture, alfalfa, cotton, and other field crops. However, citrus and avocados are reported to be doing successfully within their climatic and soil zones, provided salinity in the effluent is not a problem."

Schreiber pointed out that effluents from large cities are usually contaminated by heavy amounts of inorganic salts from industrial users. These might be eliminated, he said, by construction of dual sewage systems or proper zoning measures.

Use of reclaimed water containing organic matter might be of special value to improve coarse-textured or nutrient-deficient soils. Analysis of typical effluents from 15 California cities showed that both nitrogen and phosphate content averaged 60 to 100 pounds per acre-foot of water, and potassium content averaged 20 to 40 pounds. A further advantage might occur when municipal disposal problems could be alleviated by agricultural use of reclaimed water.

Projects in water reuse under way on the Berkeley campus include those concerned with producing an algal-bacterial animal feed supplement in the process of reclaiming water, with study of the engineering feasibility and public health safety of reclaiming waste waters by injecting them directly into underground water-bearing strata, with field trials of another ground-water recharge technique using sewage effluent spread on surface plots, and with various experiments to determine the amount of travel through soils by bacteria and other forms of pollution.

At Davis, studies have been initiated to determine how various types of soils and crops are affected by irrigation with reclaimed sewage water.

Water reuse investigations are part of the university's state-wide, long-range program of research in water resources and water use. All of these studies are aided and coordinated by the new state-wide Committee on Research in Water Resources, headed by University Vice President Harry R. Wellman.

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 785.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, April 11, 1957

*To the Honorable Members of the Senate
Sacramento, California*

GENTLEMEN:

Assembly Bill No. 785, "An act to amend Section 20254 of the Education Code, relating to schools and colleges under the jurisdiction of the Department of Education, and making an appropriation,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill was introduced at the request of the State Department of Education to make a corrective amendment in Section 20254 of the Education Code relating to agreements by the State Director of Education for the performance of services for federal agencies by schools or colleges under his jurisdiction. It further appears that among the existing provisions retained in this section, there is an appropriation but that no additional funds are made available for expenditure by this bill. In these circumstances, prompt consideration of this bill is desirable and no purpose would be served by withholding action upon it until after final passage of the Budget Bill.

I therefore recommend consideration of Assembly Bill No. 785 as an emergency measure.

Respectfully submitted,

GOODWIN J. KNIGHT, Governor

The roll was called, and the bill passed by the following vote:

AYES—Senators Beard, Berry, Brown, Busch, Byrne, Christensen, Cobey, Collier, Coombs, Cunningham, Desmond, Dilworth, Dolwig, Donnelly, Dorsey, Erhart, Gibson, Grunsky, Hollister, Ed. C. Johnson, Kraft, McBride, John F. McCarthy, Robert I. McCarthy, Montgomery, Murdy, Regan, Richards, Teale, Thompson, and Williams—31.

NOES—None.

"SECTION 1. Section 1254 of the Code of Civil Procedure is amended to read: 1254. At any time after trial and judgment entered or pending an appeal from the judgment to the Supreme Court, whenever the plaintiff shall have paid into court, for the defendant, the full amount of the judgment, and such further sum as may be required by the court as a fund to pay any further damages and costs that may be recovered in said proceeding, as well as all damages that may be sustained by the defendant, if, for any cause, the property shall not be finally taken for public use, the superior court in which the proceeding was tried may, upon notice of not less than 10 days, authorize the plaintiff, if already in possession, to continue therein, and if not, then to take possession of and use the property during the pendency of and until the final conclusion of the litigation, and may, if necessary, stay all actions and proceedings against the plaintiff on account thereof. In an action for condemnation of property for the use of a school district, an order so authorizing possession or continuation of possession by such school district is not appealable. The defendant, who is entitled to the money paid into court for him upon any judgment, shall be entitled to demand and receive the same at any time thereafter upon obtaining an order therefor from the court. It shall be the duty of the court, or a judge thereof, upon application being made by such defendant, to order and direct that the money so paid into court for him be delivered to him upon his filing a satisfaction of the judgment, or upon his filing a receipt therefor, and an abandonment of all defenses to the action or proceeding, except as to the amount of damages that he may be entitled to in the event that a new trial shall be granted. A payment to a defendant, as aforesaid, shall be held to be an abandonment by such defendant of all defenses interposed by him, excepting his claim for greater compensation. In ascertaining the amount to be paid into court, the court shall take care that the same be sufficient and adequate. The payment of the money into court, as hereinbefore provided for, shall not discharge the plaintiff from liability to keep the said fund full and without diminution; but such money shall be and remain, as to all accidents, defalcations, or other contingencies (as between the parties to the proceedings), at the risk of the plaintiff, and shall so remain until the amount of the compensation or damages is finally settled by judicial determination, and until the court awards the money, or such part thereof as shall be determined upon, to the defendant, and until he is authorized or required by rule of court to take it. If, for any reason, the money shall at any time be lost, or otherwise abstracted or withdrawn, through no fault of the defendant, the court shall require the plaintiff to make and keep the sum good at all times until the litigation is finally brought to an end, and until paid over or made payable to the defendant by order of court, as above provided [, and until such time or times the county clerk shall be deemed to be the custodian of the money,

and shall be liable to the plaintiff upon his official bond for the same, or any part thereof, in case it be for any reason lost or otherwise abstracted or withdrawn. The court [may] shall order the money to be deposited in the State Treasury, [and in such case] unless the plaintiff requests the court to order deposit in the county treasury, in which case the court shall order deposit in the county treasury. If the court orders deposit in the State Treasury, it shall be the duty of the State Treasurer to receive all such moneys, duly receipt for, and to safely keep the same in [a special fund] the *Condemnation Deposits Fund*, [to be entered on his books as a Condemnation Fund for such purpose,] which fund is hereby created in the State Treasury and for such duty he shall be liable to the plaintiff upon his official bond.

Money in the *Condemnation Deposits Fund* may be invested and reinvested in any securities described in Sections 16439, 16431 and 16432, Government Code, or deposited in banks as provided in Chapter 4 of Part 2 of Division 4 of Title 2, Government Code. The Pooled Money Investment Board shall designate at least once a month the amount of money available in the fund for investment in securities or deposit in bank accounts, and the type of investment or deposit and shall so arrange the investment or deposit program that funds will be available for the immediate payment of any court order or decree. Immediately after such designation the Treasurer shall invest or make deposits in bank accounts in accordance with the designations.

For the purposes of this section, a written determination signed by a majority of the members of the Pooled Money Investment Board shall be deemed to be the determination of the board. Members may authorize deputies to act for them for the purpose of making determinations under this section.

Interest earned and other increment derived from investments or deposits made pursuant to this section, after deposit of money in the State Treasury, shall be deposited in the *Condemnation Deposits Fund*. After first deducting therefrom expenses incurred by the Treasurer in taking and making delivery of bonds or other securities under this section, the State Controller shall apportion as of June 30th and December 31st of each year the remainder of such interest earned or increment derived and deposited in the fund during the six calendar months ending with such dates. There shall be apportioned and paid to each plaintiff having a deposit in the fund during the six-month period for which an apportionment is made, an amount directly proportionate to the total deposits in the fund and the length of time such deposits remained therein. The State Treasurer shall pay out [such] the money [so] deposited by a plaintiff in such manner and at such times as the court or a judge thereof may, by order or decree, direct. In all cases where a new trial has been granted upon the application of the defendant, and he has failed upon such trial to obtain greater compensation than was allowed him upon the first trial, the costs of such new trial shall be taxed against him.

SEC. 2. Section 1254.5 is added to said code, to read:

1254.5. When money is paid into court as provided by Section 14 of Article I of the Constitution, the court shall order the money to be deposited in the State Treasury, unless the plaintiff requests the court to order deposit in the county treasury, in which case the court shall order deposit in the county treasury. If money is deposited in the State Treasury pursuant to this section it shall be held, invested, deposited, and disbursed in the manner specified in Section 1254, and interest earned or other increment derived from its investment shall be apportioned and disbursed in the manner specified in that section."

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No. 492.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, May 7, 1957

To the Honorable Members of the Senate

Sacramento, California

GENTLEMEN:

Senate Bill No. 492, "An act making an appropriation in augmentation of the appropriation in Item 216 of the Budget Act of 1956, for support of Colorado River Board of California, to take effect immediately,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill appropriates \$46,768 from the General Fund in augmentation of Item 216 of the Budget Act of 1956 for support of the Colorado River Board of California. The taking of evidence before the master appointed by the United States Supreme Court in the litigation involving the waters of the Colorado River has continued longer and proved more costly than anticipated when the 1956-57 Budget was prepared, and the additional funds provided in this bill are needed immediately for the support of this board.

I therefore recommend consideration of Senate Bill No. 492 as an emergency measure.

Respectfully submitted,

GOODWIN J. KNIGHT, Governor

Senate Resolution No. 135

Relative to an engineering study of a portion of the proposed extension of Highway 99E

WHEREAS, That portion of the central San Joaquin Valley lying eastward of the Cities of Madera, Fresno, Hanford, and Tulare is an area of intensive agriculture and contains many cities and population centers; and

WHEREAS, The area is one in which the need for an extension of Highway 99E as described in Senate Concurrent Resolution No. 7, 1956 First Extraordinary Session, is especially acute and urgent due to the expanding population and economic development in the area, the inadequacy of Highway 99 to serve the needs of the area, and the number of east-west highways with which connections would be made by an extension of Highway 99E through the area; and

WHEREAS, Extension of Highway 99E, as described in Senate Concurrent Resolution No. 7, 1956 First Extraordinary Session, and as considered in the requested report of the Division of Highways to the Legislature, would appear to be inevitable in the near future and an engineering study of a portion of that proposed extension would provide valuable cost and other data for use of the Legislature; now, therefore, be it

Resolved by the Senate of the State of California, That the Department of Public Works be hereby requested to make an engineering study of a section of the proposed extension of Highway 99E beginning in the vicinity of State Sign Route 41, north of Clovis, south via Clovis, Sanger, Parlier, Reedley, and Dinuba, and connecting with State Sign Route 65 in the vicinity of Exeter, and to report the results of the study to the Legislature at not later than the 1959 Regular Session; and be it further

Resolved, That the Secretary of Senate be directed to transmit copies of this resolution to the Director of Public Works.

The secretary of the district shall, within 10 days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided.

If by the certificate of the secretary such petition, or petition as amended, is shown to be sufficient the secretary shall cause notice of hearing on the petition to be published and posted without delay.

The text of said petition shall be published once a week for at least two weeks prior to the time at which the same is to be presented to the board of directors of the district, in at least one newspaper printed and published in such district, if there is a newspaper printed and published in such district, together with a notice stating the time and place of the meeting at which the same will be presented. When contained upon one or more instruments one copy only of such petition need be published. No more than five of the names attached to said petition need appear in said publication of said petition and notice, but the number of signers shall be stated. Said notice and petition shall also be posted in three public places in the improvement district and three public places in the area proposed to be annexed, at least two weeks prior to the hearing.

The board of directors of the district shall proceed to hear the petition at the time and place fixed therefor and any person residing within the district or improvement district or owning taxable property in said district or improvement district shall be entitled to appear and be heard at such hearing. Such hearing may be continued from time to time by the board of directors of the district. At the conclusion of the hearing, and if the board of directors finds and determines from the evidence presented at said hearing that the area proposed to be annexed to an improvement district will be benefited thereby, and that the improvement district to which said area proposed to be annexed will also be benefited thereby and will not be injured thereby, then and in such case the board of directors of the district may, by resolution, approve such annexation, describing the territory so annexed, which may be by reference to a map on file with the secretary of the district, which map shall govern for all details as to the extent of the annexed area, or in any other definite manner, and the terms and conditions of annexation as theretofore determined by resolution of the board of directors.

From and after the date of the adoption of such resolution the area named therein shall be deemed added to and shall form a part of said improvement district and the taxable property therein shall be subject to taxation thereafter for the purposes of said improvement district, including the payment of the principal of and interest on bonds and other obligations of such improvement district at the time authorized and outstanding at the time of said annexation as if said annexed property had always been a part of said improvement district, and the board of directors of such district shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as hereinabove authorized.

Any action or proceeding wherein the validity of any such annexation is contested, questioned or denied must be commenced within three months after the date of issuance by the Secretary of State of his certificate; otherwise said annexation shall be held to be valid and in every respect legal and incontestable.

SEC. 25. If from such returns it appears that more than two-thirds of the votes cast at such election held pursuant to the provisions of Section 23 or of Section 24 of this act, were in favor of and assented to the incurring of such indebtedness, then the board of directors may, by resolution, at such time or times as it deems proper, issue bonds of the district for the whole or any part of the amount of the indebtedness so authorized, and may from time to time provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of such bonds authorized shall have been issued. Said full amount of bonds may be divided into two or more series and different dates fixed for the bonds of each series. The maximum term which the bonds of any series shall run before maturity shall not exceed 40 years from the date of each series respectively.

The board of directors shall, by resolution, prescribe the form of the bonds and the form of the coupons attached thereto and fix the time when the whole or any part of the principal shall become due and payable. The payment of the first installment of principal may be deferred for a period of not more than five years from the date of the bonds or the date of the bonds of each series respectively. The bonds shall bear interest at a rate or rates not to exceed seven percent (7%) per

annum, payable semiannually, except that interest for the first year may be payable at the end of said year. The board of directors may also provide for call and redemption of bonds prior to maturity at such times and prices and upon such other terms as it may specify. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon.

The denomination of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one thousand dollars (\$1,000). The principal and interest shall be payable in lawful money of the United States at the office of the treasurer of the district or such other place or places as may be designated, or at either place or places at the option of the holder of the bond.

The bonds shall be dated, numbered consecutively, and be signed by the president and treasurer of the district, countersigned by the secretary of the district, and the official seal of the district attached. The interest coupons of such bonds shall be signed by the treasurer of said district. All such signatures and countersignatures may be printed, lithographed, or mechanically reproduced, except that one of said signatures or countersignatures to said bonds shall be manually affixed.

If the bond election proceedings have been initiated to and have applied only to an improvement district within said district, said bonds are bonds of the district and shall be issued in the name of the district and shall be designated "Bonds of Mojave-Antelope Water District for Improvement District No. _____" and each bond and all interest coupons thereof shall state that taxes levied for the payment thereof shall be levied exclusively upon the taxable property in said improvement district.

Before selling the bonds, or any part thereof, the board of directors shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if said board determines that the bids received are not satisfactory as to price or responsibility of the bidders, it may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

The proceeds arising from the sale of bonds shall be paid into the treasury of the district and placed to the credit of a special improvement fund and expended only for the purpose for which the indebtedness was created; provided, however, that when said purpose has been accomplished any moneys remaining in said special improvement fund may be transferred to the fund to be used for the payment of principal of and interest on the bonds. Said remaining moneys remaining from the sale of bonds of the district may also be used for some other district purpose. Such moneys remaining from the sale of bonds of the district for an improvement district therein may also be used for any purpose which will benefit the property in the improvement district. Said moneys may not be used for said other district purpose or improvement district purpose until two-thirds of the qualified voters of said district or improvement district have consented thereto at a special election called in said district or improvement district by the board of directors. Notice of said election shall be given in the manner provided for bond elections in said district or improvement district, as the case may be, and in other respects the election shall be conducted as are other such district elections.

SEC. 26. The board of directors shall have power to construct works along and across any stream of water, watercourse, street, avenue, highway, canal, ditch, or flume, or across any railway which the route of said works may intersect or cross; provided, such works are constructed in such manner as to afford security for life and property, and said board of directors shall restore the crossings and intersections to their former state as near as may be, or in a manner not to have impaired unnecessarily their usefulness. Every company whose right of way shall be intersected or crossed by said works shall unite with said board of directors in forming said intersections and crossings and grant the rights therefor. The right of way is hereby given, dedicated and set apart to locate, construct and maintain such works along and across any street or public highway and over and through any of the lands which are now or may be the property of this State, and to have the same rights and privileges appertaining thereto as have been or may be granted to cities within the State. Any use, under this section, of a public highway now or hereafter constituted a state highway shall be subject to the provisions of Chapter 3 of Division 1 of the Streets and Highways Code.

SEC. 27. No suit shall be brought on any claim for money or damages against any district or the board of directors or any director or other officer or employee thereof, until a verified demand therefor shall have been filed, as herein provided, and rejected in whole or in part. If rejected in part, suit may be brought to recover the whole. Except in those cases where a shorter period of time is otherwise provided by law, verified demands for all such claims for damages must be filed with the secretary of such district within six months after the occurrence from which the damages arose or within six months after the effective date of this section, and verified demands for all other claims shall be filed with the secretary of such district within six months after the last item of the account or claim accrued or within six months after the effective date of this section. Each such verified demand shall set

forth with reasonable certainty the nature of the claim and shall contain the name and address of the claimant, the date of the occurrence from which the damages arose or the date when each item of the account or claim accrued, the total amount originally claimed, all payments thereon or offsets or credits thereto, the net amount due, owing, and unpaid on such claim, and if such claim shall have been assigned, the name of the original claimant and the names of all assignees and the full particulars of each assignment. Verified demands so filed with said secretary shall be presented to the board of directors at its next meeting, and failure of the board of directors to act upon any such verified demand within ninety (90) days from the date such demand is filed with said secretary shall be deemed to be a rejection thereof. Nor shall suit be brought against such district or the board of directors or any director or other officer or employee thereof upon any claim or demand that shall have been approved in whole and audited for payment; provided, that nothing herein contained shall be construed so as to deprive the holder of any claim of his right to resort to writ of mandamus or other proceeding against the district or the board of directors or any officer thereof to compel it or him to act upon such claim or to pay the same when so audited. If suit be brought on a claim allowed in part and rejected in part by the board of directors and no more is recovered in such suit than the amount so allowed by the board of directors, no costs shall be awarded to the claimant.

SEC. 28. No director or other officer, agent, or employee of any district shall be liable for any act or omission of any officer, agent or employee appointed or employed by him unless he had actual notice that the person appointed or employed was inefficient or incompetent to perform the service for which such person was appointed or employed or unless he retains the inefficient or incompetent person after notice of the inefficiency or incompetency.

The district may employ counsel to defend any litigation brought against any director or other officer, agent, or employee thereof, on account of his official action, and the fees and expenses involved therein shall be a lawful charge against the district.

If any director or other officer, agent, or employee of the district is held liable for any act or omission in his official capacity, and any judgment is rendered thereon, the district, except in case of his actual fraud or actual malice, shall pay the judgment without obligation for repayment by such director or other officer, agent, or employee.

SEC. 29. The board of directors, so far as practicable, shall fix such rate or rates for water in the district and in each improvement district therein as will result in revenues which will pay the operating expenses of the district, and the improvement district, provide for repairs and depreciation of works, provide a reasonable surplus for improvements, extensions, and enlargements, pay the interest on any bonded debt, and provide a sinking or other fund for the payment of the principal of such debt as it may become due. Said rates for water in each improvement district may vary from the rates of the district and from other improvement districts therein.

SEC. 30. If the revenues of the district, or of any improvement district therein, are or in the judgment of the board of directors will probably be inadequate for any cause to pay the principal of or interest on any bonded debt of the district, or any improvement district thereof, as it becomes due and also the amounts set forth in Section 29 of this act, the board of directors must cause a tax to be levied, as herein provided, sufficient to provide for such deficit and to pay the amount of such principal and interest as will become due before the proceeds of a tax levied at the next general tax levy will be available.

SEC. 31. The board of directors shall determine the amounts necessary to be raised by taxation during the fiscal year and shall fix the rate or rates of tax to be levied which will raise the amounts of money required by the district, and within a reasonable time previous to the time when the board of supervisors is required by law to fix its tax rate, the board of directors shall certify to the board of supervisors the rate or rates so fixed and shall furnish to the board of supervisors a statement in writing containing the following: (a) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for the payment of the principal of an interest on any bonded debt of the district or of an improvement district thereof as will become due before the proceeds of a tax levied at the next general tax levy will be available; (b) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for all other purposes of the district. Such tax rate shall not exceed thirty cents (\$0.30) on each one hundred dollars (\$100) of assessed valuation of all taxable property within the district, exclusive of such portion of the rate as may be levied annually to pay principal and interest on bonds of the district. The board of directors shall direct that at the time and in the manner required by law for the levying of taxes for county purposes, such board of supervisors shall levy, in addition to such other tax as may be levied by such board of supervisors, at the rate or rates so fixed and determined by the board of directors, a tax upon

the property within the district, or improvement district thereof benefited by the bonded debt, as the case may be, and it is made the duty of the officer or body having authority to levy taxes within each county to levy the tax so required. Taxes for the payment of the interest on or principal of any bonded debt shall be levied on the property within the district, or improvement district thereof, benefited by the bonded debt, as determined by the board of directors in the resolution declaring the necessity to incur the debt. Taxes for other purposes of the district shall be levied on all property in the district or portion thereof subject to the particular tax, and it shall be the duty of all county officers charged with the duty of collecting taxes to collect such tax in time, form, and manner as county taxes are collected, and when collected to pay the same to the district. Taxes for the payment of a bonded debt and the interest thereon shall be a lien on all the property benefited thereby as stated in the resolution of the board of directors declaring the necessity to incur the debt. All taxes for other purposes of the district shall be a lien on all the property in the district subject to the respective tax. District taxes, whether for payment of a bonded indebtedness and the interest thereon or for other purposes, shall be of the same force and effect as other liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes.

SEC. 32. Ordinances may be passed by the voters of any such district organized under the provisions of this act in accordance with the methods provided by the Elections Code for direct legislation in cities.

SEC. 33. Any portion of a county within or outside of the county in which such district is situated, or any city situated within any county, or both, may be added to any district organized under the provisions of this act, and such cities need not be contiguous and such unincorporated territory may consist of one or more parcels which need not be contiguous one with the other or with any such cities and such annexing area or areas need not be contiguous with the district. Such annexation shall occur in the following manner. A petition, which may consist of any number of separate instruments, shall be filed with the secretary of the district, signed by voters residing within the boundaries of the area proposed to be annexed equal in number to at least 10 per centum of the number of such voters voting for all candidates for the office of Governor of this State at the last general election prior to the filing of such petition; provided, that where one or more cities are included in such proposed annexation, such petition must be signed by at least 10 per centum of the voters of each such city so voting at such election. Such petition shall set forth and describe the boundaries of the area proposed to be annexed and shall contain a prayer that such area be annexed to such municipal water district.

The text of such petition shall be published once a week for at least two weeks, the last publication to be made not less than one week nor more than four weeks before the time at which the same is to be presented to the board of directors of the district in at least one, but not to exceed three, newspapers printed and published in such county, together with a notice stating the time of the meeting at which the same will be presented. When contained upon one or more instruments, one copy only of such petition need be published. No more than five of the names attached to said petition need appear in said publication of said petition and notice, but the number of signers shall be stated.

Within 10 days of the date of the filing of such petition the secretary of the district shall examine the same and ascertain whether or not such petition is signed by the requisite number of voters; and if requested by the secretary of the district, the board of directors shall authorize him to employ persons especially for that purpose, in addition to the persons regularly employed in his office, and shall provide for their compensation. When the secretary of the district has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination; and if from such examination he shall find that said petition is signed by the requisite number of voters or is not so signed, he shall certify that the same is sufficient or insufficient, as the case may be.

If, by the certificate of the secretary of the district, the petition is found to be insufficient, he shall also certify to the number of voters required to make such petition sufficient, and it may be amended by filing a supplemental petition or petitions within 10 days of the date of such certificate. The secretary of the district shall, within 10 days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided.

If his certificate shall show any such petition, or such petition as amended, to be insufficient, it shall be filed by him with the board of directors of the district and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if, by the certificate of the secretary, such petition, or petition as amended, is shown to be sufficient, the secretary shall present the same to the board of directors, without delay.

If any supplemental petition be filed, all the signatures appended to the petition or to the supplemental petition or petitions shall be considered in determining the number of voters signing the petition.

After an election for the annexation of such area to the district the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned.

Such petition may be granted by ordinance of the board of directors of such district. In granting such petition, such board of directors may fix in said ordinance the terms and conditions upon which such annexation may occur, and such terms and conditions may provide, among other things, for the levy by such district of special taxes upon taxable property within such annexed area or areas in addition to the taxes elsewhere in this act authorized to be levied by such district, and in case such terms and conditions shall provide for the levy of such special taxes, the board of directors, in fixing such terms and conditions, shall specify the aggregate amount to be so raised and the number of years prescribed for raising such aggregate sum and that substantially equal annual levies will be made for the purpose of raising such sum over the period so prescribed. Such terms and conditions also may provide, among other things, that a special water rate may be fixed from time to time by the board of directors for the area or areas proposed to be annexed. If such petition is granted, the proposition of such annexation subject to the terms and conditions so fixed, shall be submitted to the vote of the voters in the proposed addition, at an election called by the board of directors and held, as herein provided, with 70 days after the effective date of such ordinance. Notice of such election shall be given by publication in a newspaper of general circulation published in the county once a week for three successive weeks, the last publication to be not more than four weeks nor less than one week prior to the date fixed for such election. Such notice shall describe the boundaries of the area or areas so proposed to be annexed and shall designate such territory by some appropriate name, or other words of identification, by which such territory may be referred to and indicated upon the ballot to be used at any election at which the question of such annexation is submitted, as in this act provided. Such notice also shall contain the substance of the terms and conditions fixed by the board of directors, as herein provided. The measure so submitted at such election shall be stated on the ballot substantially as follows: "Shall _____ (giving the name or other designation of the territory proposed to be annexed, as stated in the notice of election) be annexed to the Mojave-Antelope Water District subject to the terms and conditions fixed by the board of directors of said district?" At the right of such proposition there shall be printed the words "yes" and "no" with voting squares. The board of directors shall canvass the votes cast at such election and if such proposition is approved by a majority of the voters voting thereon at such election, the president and secretary of the board of directors shall certify that fact to the Secretary of State and to the county recorder of the county in which such district is located and the county in which the territory is situated. Upon receipt of such last-mentioned certificate, the Secretary of State shall, within 10 days, issue his certificate reciting the passage of said ordinance and the addition of said area or areas to said district. A copy of said certificate shall be transmitted to, and filed with, the county clerk of the county in which such district is situated and the county in which the territory is situated. From and after the date of such certificate, the area or areas named therein shall be deemed added to, and shall form a part of, said district, and the taxable property therein shall be subject to taxation thereafter for the purposes of said district, including the payment of bonds and other obligations of such district at the time authorized or outstanding, and the board of directors of such district shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as hereinabove authorized.

Sec. 34. The Mojave-Antelope Water District shall include the following area:

(a) Territory included within Zone 4 of the San Bernardino County Flood Control District and Zone 6 of the San Bernardino County Flood Control District, except the area described as follows: Commencing at the Northeast corner of T 2 N, R 2 E, SBB&M, thence west along the Township line between T 2 N and T 3 N to the west line of R 1 W, thence south along said range line to the S. PRAYER

The following prayer was offered by the Chaplain, Rev. Father Luke Powleson:

O God, give us strength this day to battle with the never-ceasing, all enduring array of difficulties that meet us at every step. Grant us the light to see that all that glitters is not gold. Bestow upon us the grace and fortitude to do only that which is right. Keep us ever mindful of the higher things of life, with a love that will make us go about our duties with a cheerfulness that will bring joy to the hearts of others. Make known to us, good Master, what Thou wouldst have us do, say and think, so that each day we may become better—each day less selfish and each day more like unto Thee, our Leader and Master. O God, guide us this day, help us to realize our responsibilities. Make us understand that we have here a great work to perform,—that it is not by chance that we are here. It is for us a time of tremendous obligation. Strengthen us so that we may do what is right no matter what the cost. May this day then, be full of progress, full of merit, full of good. Faithful to the inspirations that come to us at every moment, may we never cause pain to anyone. We pray that our day here in this Senate may be one long chaplet of cheerful loving kindness, bringing joy and peace and happiness to others. Let no words of ours, no acts, however small, wound the hearts of anyone. May no one be less pure, less true, less kind, less noble for having been a fellow-worker in our journey through life towards eternity. AMEN.

An owner who does not register such an election need not be considered as a participant in future planning, and, unless so considered, shall not have the rights of a participant prescribed by this section.

If the redevelopment plan does not permit an electing owner to redevelop his own land, he shall have a right to purchase from the agency a parcel of land within the project area, in such area or areas as shall be designated by the agency, substantially equivalent in size to that owned or formerly owned by him in the project area, at a price not in excess of the fair market value of the land purchased for the uses contemplated by the plan; provided that, in so purchasing, he agrees to redevelop the land purchased in a manner compatible with the plan.

Should such land, so purchased, be smaller than the minimum size parcel contemplated by the plan such owner may condition his purchase upon his ability to purchase from the agency, by competitive bidding, sufficient adjoining land to make up the minimum size parcel contemplated by the plan, and the agency shall conduct such a sale for such purposes.

An agency may determine that it is wholly impracticable to permit owner participation by any of the methods prescribed herein, and, if so, shall so find, on substantial evidence, prior to presenting the redevelopment plan to the legislative body for approval. Unless the legislative body makes the same finding in the ordinance approving the plan, it must disapprove the plan and refer it back to the agency for amendment to permit owner participation.

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA

OFFICE OF LEGISLATIVE COUNSEL

SACRAMENTO, CALIFORNIA, May 14, 1957

Hon. George Miller, Jr.
Senate Chamber

Open and Public Meetings—No. 13349

DEAR SENATOR MILLER: You have submitted to us the following question:

“When the law provides that all meetings of an agency shall be open and public, could any person be prevented from attending the meeting?”

We find it difficult to perceive how the term “open and public” could be construed to permit an agency or board to arbitrarily prevent a member of the public from attending its meetings. In common usage the term “open” means:

“Free to be entered, visited, or used; as, an open library; an open session; without restriction (actually or comparatively) as to the number or character of participants * * *” (Webster’s New International Dictionary (Second Edition)).

The term “public” is similar in meaning, being defined as:

“Open to common or general use, participation, enjoyment, etc., as a public place, tax or meeting * * *.”

“Open to the knowledge or view of all; generally seen, known, or heard; without privacy, concealment, etc.; accessible to everybody; common * * *.” (Webster’s New International Dictionary (Second Edition)).

We do not mean to imply from the foregoing that the agency or board could under no circumstances restrict attendance at its meetings, but merely that it could not arbitrarily take such action. For instance, it is probable that attendance at a meeting could be limited to conform to applicable police and fire regulations. It is also probable that persons who are obviously intent on committing a breach of the peace could be excluded. The test in these and similar situations would be whether the restriction imposed is reasonable and designed to serve some legitimate

object. If the restriction were imposed for the primary purpose of excluding the public, or a portion thereof, rather than to serve a legitimate object, the restriction would probably cease to be legitimate.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By EDWARD K. PURCELL, Deputy

**FURTHER PROCEEDINGS UNDER CALL OF THE SENATE

"SEC. 6. Section 511.4 of said code is amended to read:

511.4. *Speed Zoning on Multiple-lane Highways.* On multiple-lane highways with two or more separate roadways different [prima facie] speed limits may be established for different roadways under the procedure specified in Sections 511.1, 511.2 or 511.3.

SEC. 7. Section 512 of said code is amended to read:

512. *Speed Limit on Highways Where Persons Are at Work.* [It shall be prima facie a violation of the basic rule declared in Section 510 of this code for any person to operate] *No person shall drive a vehicle at a speed greater than 25 miles per hour upon any portion of a highway where officers or employees of the agency having jurisdiction of the same, or any contractor of such agency or his employees, are at work on the roadway or within the right of way so close thereto as to be endangered by passing traffic.* The provisions of this section shall apply only when appropriate signs, indicating the limits of the restricted zone, and the speed limit applicable therein, are placed by such agency within 400 feet of each end of such zone. Such signs shall display the figures "25", as provided in Section 468 and shall indicate the purpose of the speed restriction, but otherwise need not comply with the details set forth in Section 468. Nothing in this section shall be deemed to relieve any operator of a vehicle from complying with the provisions of Section 510.

SEC. 8. Section 512.2 of said code is amended to read:

512.2. *Speed Restrictions Because of Snow Conditions.* Whenever the State Department of Public Works in respect to state highways or a local authority with respect to highways under its jurisdiction finds that, by reason of snow or ice conditions, a speed in excess of 25 miles per hour is more than is reasonable and safe upon a highway or any portion thereof, the department or local authority, as the case may be, may erect appropriate signs in such highway or portion thereof indicating a speed limit of 25 miles per hour. Such signs may be placed and removed as snow or ice conditions vary. When such signs are in place, the [prima facie] speed limit on any portion of such highway so signposted shall be 25 miles per hour and the burden of proving that a speed in excess of 25 miles per hour is not in violation of Section 510 shall be on the driver.

SEC. 9. Section 513 of said code is amended to read:

513. *Exceeding [Prima Facie] Speed Limit Not Negligence as Matter of Law.* In any civil action proof of speed in excess of any [prima facie] speed limit declared in Section 511 hereof at a particular time and place shall not establish negligence as a matter of law but in all such actions it shall be necessary to establish as a fact that the operation of a vehicle at such excess speed constituted negligence.

SEC. 10. Section 525.1 of said code is amended to read:

525.1. *Driving in Right Hand Lane.* Notwithstanding the [prima facie] speed limits, upon all highways any vehicle proceeding in a direction at less than the normal speed of traffic in such direction at such time shall be driven in the right hand lane for traffic or as close as practicable to the right hand edge or curb, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

SEC. 11. Section 740 of said code is amended to read:

740. Speed Charged to be Specified. Every notice to appear and every complaint or information charging a violation of any provision of this code regulating the speed of vehicles upon a highway shall specify the approximate speed at which the defendant is alleged to have driven and exactly the [prima facie] *maximum* speed limit applicable at the time and place of the alleged offense and shall state any other speed limit alleged to have been exceeded if applicable to the particular type of vehicle or combination of vehicles operated by the defendant.

SEC. 12. Section 758 of said code is amended to read:

758. Presumption as to Correctness of Speed Restriction Signs. In any action involving the question of unlawful speed of a vehicle upon a highway which has been signposted with speed restriction signs of a type complying with the requirements of this code, it shall be presumed that existing facts authorize the erection of such signs and that the [prima facie] speed limit on such highway is the limit stated on such signs. This presumption may be rebutted."

Amendments read, and adopted.

Bill ordered printed, and re-referred to Committee on Transportation.

Sacramento, California*

GENTLEMEN:

Assembly Bill No. 2970, "An act to amend Sections 127, 181, 1054, 1360, 1411, 1412, 1413, 1414, 1415, 1615, 1616, 1617, 1618, 1651, 1676, 1677, 8553, 13011, 20016, 20019, 20082, 20083, 20084, 20085, and 20086 of, to add Sections 133, 163, 189, 190, 191, 192, and 193 to, and to repeal Sections 1361, 1362 and 1363 of, the Water Code, to amend Sections 8112, 8118, 8132, 8138, and 13196 of, and to add Sections 14105 and 16049.5 to the Government Code, to amend

Section 9065 of the Public Resources Code, and to amend Section 1 of Chapter 1693 of the Statutes of 1953, relating to the water resources of the State and the administration thereof."

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill amends and adds a number of sections of the Water Code and of other provisions of the law relating to water resources. It further appears that among its provisions there is an appropriation, but that no additional funds are made available for expenditure. In these circumstances, prompt consideration of this bill is desirable and no purpose would be served by withholding action upon it until after final passage of the Budget Bill.

I therefore recommend consideration of Assembly Bill No. 2970 as an emergency measure.

Respectfully submitted,

GOODWIN J. KNIGHT, Governor

May my every thought, word and act be rich and good and give help to my fellow man. Bless this day with knowledge so that I may see clearly the duties before me. Give me wisdom to decide wisely the problems that constantly arise—ever keeping in close union with Thee who art the all-wise and all-knowing law-giver of the world. Grant that amid all the tasks that are before me—one Voice may whisper in my ear—one Hand guide me on my way—one Face be ever before my eyes; and when the day seems hard and trials difficult to bear, may I remember that I pledged my word to do my best in the welfare of this, my State, and in the interest of those whom I, as a Senator, represent here in this chamber during this session of our State Legislature. RESOLUTIONS

The following resolution was offered:

By Senator Cunningham:

Senate Resolution No. 137

Relative to the Devore Cutoff joining U. S. Highways 99 and 395

WHEREAS, An immense volume of traffic, especially heavy truck traffic serving the greater Los Angeles metropolitan area, flows through the Cities of Fontana and San Bernardino as a result of the junction in that vicinity of traffic from U. S. Highways 395, 99, and 66; and

WHEREAS, The route of of U. S. Highway 395 and the junction of that highway with U. S. Highway 99 are such that through traffic movement between the Los Angeles metropolitan area and Cajon Pass is forced to follow a triangular path through the Cities of Fontana and San Bernardino; as a result, traffic leaves U. S. Highway 99, works its way northward over various county roads and Fontana city streets, and moves through the so called Devore Cutoff to enter U. S. Highway 395 (see Index No. 26-m, Report on the Proposed Additions to the State Highway System, Division of Highways, April, 1955); and

WHEREAS, The so-called Devore Cutoff, as considered in the mentioned report and as proposed by Assembly Bill No. 3168 as amended and Senate Bill No. 2406 as amended, 1957 Regular Session, traverses a route now followed by county highways; and

WHEREAS, A state highway on that route is generally acceptable to the people of the west end of San Bernardino County; and

WHEREAS, As eventual construction of a cutoff along the approximate route of the Devore Cutoff would appear to be inevitable, people and local officials in the area are anxious to lay plans for the future by bringing county roads up to state standards, by appropriate zoning, by purchasing rights of way, by providing for grade separations, and by adapting utility installations; now therefore, be it

Resolved by the Senate of the State of California, That the California Highway Commission and the Department of Public Works be hereby requested to, insofar as practicable, advise the County of San Bernardino as to any preference said commission and department might have for the location of the said Devore Cutoff if and when said additional mileage is included in the State Highway System by the Legislature. This information is desired by said County of San Bernardino for the purpose of future planning, location of utilities, acceptance of dedication of rights of way, location of prospective industries, schools, residential subdivisions, municipal incorporations, annexations and to satisfy other pressing and important local considerations; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the Director of Public Works.

O God, Heavenly Father, make of us, this day, a power for good, a force to urge to higher thoughts, to nobler words, to stronger actions, that those who come under our influence here in this Senate Chamber may be helped and the State advanced in material prosperity as we acknowledge Thee, our Lord and Master. Grant that our actions this day may be full of gentleness, of kindness, of sympathy and of unselfishness towards our fellow man, so that we may truly stand before Thee and all our citizens, as Thy lawfully constituted representatives. Lay Thy hand in blessing upon us, Lord, that we may be strong and valiant and firm in our resolve to serve Thee and the State. Make us strong, to do the good Thou askest of us. Make us bold to resist the wrong, courageous to ignore the criticism about us. We ask not, O Lord, for mere worldly success, for a long and bright career, we beg only for strength, strength to stand our ground, strength to lead a life of grand, heroic Faith in Thee and our fellow man.
